

# WRANGLER FOR A DAY

Offered Spring, Summer & Fall\*

Toss your boots on for this hands-on introduction to life as a wrangler at Firefall Ranch and assist our experienced wranglers in preparing the horses for their morning Horseback Riding Adventures. This includes feeding, grooming, and learning to saddle. Receive your very own private riding lesson before setting out for a public, one-hour Horseback Riding Adventure

As the horses return from their adventure, you'll receive a hands-on lesson in post-ride care by assisting in getting them ready for their mid-day break. You'll be removing tack, grooming, checking for signs of soreness or fatigue, and so much more.
